

## Total Compliance Network

### About TCN

- **Established in 1992. Leading provider of employment services of small, mid-sized, and Fortune 500 employers nationwide and in Canada**
- **Relationships with SAMHSA-certified toxicology laboratories and wide collection site network for employment drug testing services**
- **Proprietary information technology system, built in-house from the ground up to cater specifically to drug screening. Flexible, scalable, customizable, and highly praised and revered by labs, partners, and clients**
- **“Family owned and operated” attention to customer service**
- **Full-time, on-staff, in-house certified Medical Review Officers and MRO support**
- **Authoritative expertise in regulation and compliance, including DOT and state-mandated "drug-free workplace" programs**
- **Policy implementation and consultation**
- **Random testing**
- **Efficient structure combines seamless operation and handling of large testing volume, with the power of fast decision-making and market implementation**
- **Competitive pricing**
